

Communications & Outreach Intern

~ Become part of the Communications team! ~

Save Darfur Canada (SDC) is a not-for-profit national coalition of organizations advocating for the Canadian government to play a greater role in ending the crisis in Darfur, Sudan.

Our operating model distributes responsibility and leadership among a dynamic and always evolving team. The success of SDC depends in large part on the hard work and enthusiasm of interns and coordinators who are often un-paid. New interns will have the opportunity to take on increasingly greater leadership and responsibility within the organization.

With national campaigns underway, SDC is looking to recruit at least two Communications & Outreach interns to form an English Communications team that will be in charge of initiating and implementing communication strategies. The team will search for and recruit new members for SDC and correspond with current members. Interns will be the first personal contact that groups and organizations will have with SDC. The Communications team will develop the strong relationships with coalition members necessary for effective and timely action in the Darfur crisis.
